

PRODUCT INFORMATION SHEET

SDS + BX2 drill bit

Product description

Professional SDS+ drill bits for BX2 concrete, 2-blades, designed for drilling in brick, stone, ceramics, concrete and reinforced concrete.

Characteristics

- Profiled head for removal of cutters shortens drilling time;
- blade made of high-quality tungsten carbide;
- a deepened helix of the drill bit prevents the drill bit from sticking and improves the removal of cutters from the drilled hole;
- centring tip for easier drilling start;
- SDS+ shank allows for quick drill bit replacement;
- profiled head for removal of cutters shortens drilling time;
- a deepened helix of the drill bit prevents the drill bit from sticking and improves the removal of cutters from the drilled hole.
