

KARTA PRODUKTOWA

Abrasice disc w/holes for paint / filler 150mm G180 5pcs

Opis Produktu

Abrasiv disc with Velcro, 150 mm in diameter, designed to work with angle and eccentric grinders, drills or screwdrivers equipped with appropriate attachments. Designed for sanding putties, paints and varnishes. A wide range of granulation from G60 to G400. Mainly used in industry, crafts and construction. Dedicated for professional use.

Charakterystyka

- open embankment made of aluminum oxide with the addition of sodium stearate
- a binder made of synthetic resin
- the disc attached to the attachment with Velcro ensures quick installation or replacement
- dust extraction system - pulleys compatible with devices equipped with a dust extraction system with 6, 9 or 15 holes
- reduction of sticking of the embankment due to the addition of sodium stearate significantly extends the efficiency and lifetime of the disc
- 5 pcs in the package.
