

PRODUCT INFORMATION SHEET

WURNITZ elastic protective trousers

Product description

WURNITZ professional men's protective trousers are made of the highest quality materials. In addition to their high strength, they also provide great comfort of use. During the production of trousers, special attention was paid to the functionality and safety of clothing. The increased elasticity of WURNITZ trousers makes them suitable for many work variants, without restricting the user's movements, and the added reflective details ensure safety at work at dark. Both the tool pockets and knees have OXFORD reinforcements, and the pockets can be easily detached when there is no need to use. Trousers are available in a fashionable dark grey colour with blue accents and in a wide range of sizes (from S to 3XL). They were designed for professionals. Ideal for production, construction, transport workers and car mechanics. They are perfect for service, installation and technical works.
