

## PRODUCT INFORMATION SHEET

### Heavy Duty backpack

#### Product description

A Heavy Duty backpack was designed for the highest functionality and durability, even in the most demanding conditions. Its structure uses high quality material - 600D polyester, which is known for its resistance to wear and unfavourable weather conditions. Additionally, the bottom is reinforced with PE material. The solid structure and well-thought-out storage system make it an ideal choice for people looking for a reliable and functional backpack. The backpack offers three large compartments: 1 with buckles and 2 with zippers. Moreover, both zipped compartments have vertical tool walls to optimise storage space.

#### Characteristics

- material: 600D polyester;
- bottom made of PE material;
- 3 spacious compartments;
- external Velcro pocket;
- 2 side pockets, open.
