

## PRODUCT INFORMATION SHEET

### 3/4" flexible handle, 500 mm

#### Product description

Flexible handle that accepts 3/4" sockets. It provides added leverage for loosening / tightening fasteners. Longer arm of handle gives higher torque. The product is made of deformation and crack resistant chrome-vanadium CrV steel, which ensures its durability and reliability. The entire structure is designed to deliver efficiency and comfort of use, which makes this tool perfect for professional use.

#### Characteristics

- body made of high quality chrome-vanadium alloy steel;
- 3/4" output drive;
- deformation resistant;
- manufactured in accordance with the European DIN 3121 standard ;
- knurled handle surface for greater comfort when working.
