

PRODUCT INFORMATION SHEET

Brass wire brush, 3 x 19

Product description

The brush is intended for removing rust, paint, varnish, weld, and impurities mainly from surfaces made of non-ferrous metals.

It is made of a brass wire that is permanently embedded into the plastic body.

The grip is profiled so that you can easily hold it, which improves cleaning effectiveness.

Characteristics

- socket arrangement – 3×19;
- wire material – brass;
- total length – 340 mm;
- wire length – 25 mm.
