

PRODUCT INFORMATION SHEET

Brass wire brush with a scraper, 4 x 11

Product description

The brush is intended for removing rust, paint, varnish, weld, and impurities. A hard plastic scraper installed at the top of the head facilitates and accelerates work. It is made of a brass wire that is permanently embedded into the plastic body. The grip is profiled so that you can easily hold it, which improves cleaning effectiveness.

Characteristics

- Number of wires per socket – 14 pcs;
- socket arrangement – 4x11;
- wire material – brass;
- total length – 290 mm;
- wire length – 30 mm.
