

PRODUCT INFORMATION SHEET

ZICHER Insulated Latex Coated Gloves Blue 11

Product description

ZICHER latex-coated gloves are designed to protect hands against various hazards in the work environment. They are especially recommended for workers performing mechanical work, such as installation and service of equipment outdoors during low temperatures. The gloves are very elastic and durable, making them perfect for tasks that require precision and accuracy. Corrugated latex coating covers 3/4 of the glove, including the fingertips and palm, providing solid protection without losing dexterity.

Characteristics

- coating: corrugated latex; ¾ coating;
- outer fabric: polyester; gauge 13;
- inner fabric: polyester, thick loop;
- coating surface: fingertips, palm;
- elastic and durable protective gloves;
- protection against mechanical hazards;
