

## PRODUCT INFORMATION SHEET

### Gas burner

#### Product description

The blowtorch with universal application, including soldering small diameters, thawing, melting or heating surfaces. The precise, curved stainless steel nozzle enables spot heating of any desired area, even difficult to access. The blowtorch can be used seamlessly with MAPP, MAP/PRO and Propane gas. The flame control valve easily adjusts the flame size, while providing comfort and safety of maintenance operations, minimising the risk of an accident at work.

#### Characteristics

Blowtorch power - 1,25 kW;  
 Max. temperature - 1850° C;  
 Gas type - MAPP;  
 Mounting hole - 1"/20 UNEF / CGA 600;  
 Piezo ignition - yes.
