

PRODUCT INFORMATION SHEET

Foldable magnetic trays 3 pcs.

Product description

The set of 3 folding bowls is a practical accessory that makes it easy to store screws, bolts, nuts and other small parts and objects while working.

The highly magnetized bottom on one side allows even vertical or even inverted attachment of the tray to metal objects, such as the side and bottom of a cabinet or a car element. A magnet, on the other hand, keeps the accumulated metal parts inside the bowl even when it is turned over, making it practical and convenient to use. The trays are designed to fold flat for space-saving, making them easy to store and transport.

The solid materials from which the bowls are made ensure their durability and resistance to damage even when used to store sharp elements such as screws.

Characteristics

- Material: silicone, rubber, magnet.
- Set composition: 3 pieces of bowls.
- Size of the large bowl when unfolded: 277 x 177 x 45mm.
- Size of the folded large bowl: 277 x 177 x 15mm.
- Size of the unfolded medium bowl: 150 x 132 x 45mm.
- Size of the folded medium bowl : 150 x 132 x 15mm.
- Size of the unfolded bowl small: 132 x 78 x 45mm.
- Size of the folded small bowl: 132 x 78 x 15mm.
