

## PRODUCT INFORMATION SHEET

### Circular circular circular saw blade for wood, 87 mm

#### Product description

The blade is designed to be fitted to a multitool, such as the HT2E230-0MT. It can be used for cutting wood and wood-based materials, plastics and plasterboard. The blade material provides flexibility and resistance to damage. The semi-circular shape and width allows for plunge and rip cutting with a single application. The universal attachment of the working tip fits most multitools on the market.

#### Characteristics

- intended for: wood, wood-based materials, and plastics.
- blade width - 87 mm;
- material - high carbon steel, HCS/SK5
